Located on over a mile of sandy beach along the coast of Cape Breton, Nova Scotia—and nestled between the Atlantic Ocean and the picturesque town of Inverness.

Cabot features 36 holes of exhilarating golf, 72 rooms of award-winning accommodation at Cabot Links Lodge, 19 upscale Golf Villas, and exquisite dining in three on-site restaurants, Cabot is intended to excite and inspire at every turn.

Explore Cabot Golf.

Exquisitely carved out of the breathtaking Cape Breton landscape, with postcard-worthy panoramas vying for your attention and rich, rolling fairways waiting to reward your creativity, this is linksland golf at its best.

Lose yourself in a place that is off the beaten path and far from the expected. Cabot Cliffs is built by dreamers, for dreamers, as it's designed by legendary course designers Bill Coore and Ben Crenshaw. The most beautiful game on Earth, set against a backdrop only Mother Nature can provide. This is Cabot Cliffs.

Never is the game of golf more appealing than when a course is set in a rugged, oceanfront landscape, on linksland running firm and fast. This is Cabot Links, where the holes spread out between the sea and the village of Inverness.

This is Cabot Links—as designed by gifted **Blackhawk golf course architect, Rod Whitman**—where every hole offers an ocean view and where five holes play directly adjacent to the beach. This is the first authentic links in Canada, and one of the world's greatest courses.

Opening in July 2020, The Nest is a Par 3, 10-hole routing perched on the highest point of Cabot Cliffs, affording some of the best views on property. The goal of this Rod Whitman & Dave Axland designed course is to offer the excitement and thrills of a traditional golf round, but one that can be played with a handful of clubs in a fraction of the time. Anticipate interesting greens, with short grass surrounds and the same style of rustic, rugged bunkers that are found throughout Cabot Links and Cabot Cliffs.

Explore Cabot Resort.

It's an island escape like no other, where a compelling canvas of rolling sand dunes, lush forest greens, rugged sweeping vistas, and sparkling blue waters greet you each morning. And where orange- and pink-hued sunsets signal the start of another beautiful night.

It's a burgeoning golf community of its own, where you can stroll from the courses, to your accommodations, to any of three onsite restaurants, in just a matter of minutes. And where you can dine on fresh-from-the-Atlantic seafood and naturally farmed produce from the local countryside.

And it's a sense of belonging, a sense of being at home, where the people are as warm and welcoming as the overhead sun. And where someone will soon as offer you a drink as tell you a tale (be it tall, short, or otherwise). This is just a taste of what's waiting for you, here at Cabot Cape Breton.

The 72-room Cabot Links Lodge is inspired by the beauty of its natural surroundings. It incorporates local materials like cedar and heavy timber—and combined with a timeless and modern aesthetic, is the epitome of laid-back luxury.

Located in close proximity to Cabot Bar and Panorama Restaurant, fanning south to border the putting green, Cabot Links Lodge is a welcome retreat at the end of another unforgettable day in Cape Breton.

From upscale and refined to casual and rustic, the restaurants and bars at Cabot Cape Breton please even the most discerning of palates in delightfully delicious ways. Embark on culinary journeys filled with fresh Atlantic seafood, premium Canadian beef, and naturally farmed produce from the local countryside.

Pair it all together with some of the best wines, spirits, and craft beers from across Nova Scotia and around the world.

*Experience Cabot Links & Cabot Cliffs with
Golf Digest.*

Cape Breton Weather.

Cape Breton Island enjoys a temperate coastal climate that rarely dips too cold or gets too hot with the weather and temperature fluctuating throughout the day. Around here there's a saying that often rings true: "If you don't like the weather, wait five minutes." You'll often experience sun, wind, and clouds in the same day, so pack smart and dress in layers.

Mid-September to mid-October you can expect temperatures to range from 15°C to 19 °C during the day and 7°C to 11°C overnight. This time of year is peak fall foliage, offering spectacular colours on the rolling foothills.
